

Lesson 3: THE UNIVERSE IS “JUST RIGHT” ... EVIDENCE OF A CREATOR

- It is orderly, not “chaos.”

Think about a firecracker “bang” in a styrofoam ball. Chaos! But that is not what we observe in the universe.

Do these galaxies look like chaos?

- **Physical Laws are *JUST RIGHT!***

These laws are exact. If these laws were any different, the universe couldn't exist.

Gravity

Electromagnetism

Nuclear Force

Proton Mass

Electron Mass

Speed of Light

Etc... ***There are more than 200 things that must be JUST RIGHT!***

Is the Universe Fine-Tuned, or Made by Random Chance? Posted by Juce, ReasonstoBelieve.org

**IT COULDN'T “JUST HAPPEN”!
A CREATOR is more reasonable to believe!**

YOUR THOUGHTS:

- ¹The heavens declare the glory of God;
the skies the work of his hands.
- ²Day after day they pour forth speech;
night after night they reveal knowledge.
- ³They have no speech, they use no words;
no sound is heard from them.
- ⁴Yet their voice goes out into all the earth,
their words to the ends of the world.

 “The Cosmic Eye”
 (Watch till 1:57) God is so powerful! Why did He create the Universe? **For YOU!**

Write Psalm 19:1 below. Memorize this verse.

Does everyone believe in Creator God?

¹⁸The wrath of God is being revealed from heaven against all the godlessness and wickedness of people, who suppress the truth by their wickedness, ¹⁹since what may be known about God is plain to them, because God has made it plain to them. ²⁰For since the creation of the world God’s invisible qualities—his eternal power and divine nature—have been clearly seen, being understood from what has been made, so that people are without excuse.

(Romans 1:18-20)

- Why do some people *not* believe? (See verse 1)

They _____
