

## Lesson 4: WHAT IS *EVOLUTION*?

The word “evolution” just means “change over time.”

- The EARTH changes. Example: \_\_\_\_\_
- The UNIVERSE changes. Example: \_\_\_\_\_
- PLANTS change. Example: \_\_\_\_\_
- ANIMALS change. Example: \_\_\_\_\_
- PEOPLE change. Example: \_\_\_\_\_

Activity: Open a **GEODE**

Small changes do happen – that is **MICRO-EVOLUTION**.

THROUGH THE COURSE OF THEIR EXISTENCE ON EARTH. **MICRO-EVOLUTION**

SOME ANIMALS HAVE CHANGED **SOME...**

**TIME**

That is **OBSERVABLE** “MICRO-EVOLUTION” ... small changes over time.
